6. Public Comment Period

There were 5 citizens who signed up to speak during this evening's meeting:

1) Julie Whittaker - spoke in reference to mental health; she is a mental health advocate. Ms. Whittaker feels the county should offer more assistance to those with mental health needs. She would like to see the Wellness Center replaced, possibly the County could use some American Rescue Funds to re-open the Wellness Center. She also mentioned the need for homes for the homeless, possibly tiny homes on many of the vacant lots in the County.

2) Glenda Smith - a former educator spoke in reference to the needs of those with mental illness. She gave a pamphlet to the Commissioners with information about support groups.

3) Keith Galyean - Advance Fire Department, Secretary of Board of Directors - spoke in reference to the letter the fire department received on January 21, 2022. He stated the letter was handed to Rodney Miller (Chief) which terminated the lease the County had with the Fire Department to house EMS personnel. Galyean stated the letter didn't contain specific facts but contained four broad points. He asked why they were not given any information beforehand. He feels things could have been handled differently. Advance Fire Department hired a third party to investigate, and the individual (who was accused of the unwanted touching) is no longer with fire department. He asked why the Commissioners were not made aware of this situation.

4) David Miller - Advance Fire Department - he also spoke about the letter received by Advance Fire Department. He feels things should have been handled differently. He is very concerned about response times for the citizens in this area who may need EMS assistance, as their response times will be delayed.

5) Rodney Miller - Advance Fire Department, Chief of Advance Fire Department - he stated how upset he was by what has transpired and how unprofessional he felt it was handled. He also stated how concerned he is for the citizens of the County in this area whose response time will be greatly delayed.

7. Presentations

There was one presentation this evening:

1) Davie County Recreation and Parks 2021 Highlights - Paul Moore, Davie County Recreation and Parks Director, along with Chair of Recreation and Parks Advisory Board presented the 2021 Highlights. Many new programs were added, grants were applied for and received, many new visitors have visited the Park, and the Splash pad has been a huge success. They stated how wonderful that staff is and look forward to a wonderful year in 2022.

8. Public Hearings

There were three (3) Public Hearings held:

1) Zoning Map Amendment 2022-01 Crabtree Road - presented by Development and Facilities Services Director Andrew Meadwell. Meadwell stated this Zoning Map Amendment is to rezone approximately 110 acres from Residential-20 (R-20) to Residential Agricultural (R-A). The subject properties are located along Crabtree Road and is further described as Davie County Tax Map D30000002101, D30000002103, D30000002104, D30000002301 D30000002105, D30000002302, D3-00000021(portion), D300000018, D300000022, D00000023, D300000024, E300000036 (portion).

The Public Hearing was opened by Chair Blakley at 6:45 p.m. County Attorney Ed Vogler, explained the rules for the Public Hearing. No one came forward to speak, and the Public Hearing was closed at 6:47 p.m.

A motion was made by Commissioner Jones to approve and the following statement be adopted:

The proposed zoning amendment is consistent with the Davie County Comprehensive Plan because:

1. The property is rural residential on the 2019 plan.
2. The Comprehensive Plan policy goals to increase infill development by incentivizing reuse of existing vacant or underutilized buildings and properties.
3. The property is indicated as a rural growth area on the Growth Enhancement Strategy map within the Comprehensive Plan.

Therefore, we find this zoning amendment is reasonable and in the public interest because it supports the Comprehensive Plan policies and maps above and because:

1. The property's location near agriculture, forestry, and open space.
2. The property's location near similar housing types.
3. The lack of availability of public infrastructure including water and sewer.

Commissioner Poindexter seconded the motion. All were in favor, and the motion passed 5-0 (Blakley, Renegar, Finney, Jones, Poindexter).

2) Modification of Code of Ordinances to be Compliant with Senate Bill 300 - presented by County Attorney Ed Vogler - Vogler stated the County must comply with NC general statutes. Our ordinances must specify criminal penalties in order for enforcement to take place. Vogler noted the modification of ordinances cannot be voted on during the meeting in which it is introduced. The Public Hearing opened at 6:49 p.m. No one came forward to speak and the Public Hearing comments section closed at 6:50 p.m.

3) Economic Development Incentives Project DFA - presented by David Bone County Manager - Bone mentioned a Public Hearing was held in September for this project. Adjustments have been made since that time and a second Public Hearing is required. The Public Hearing was opened at 6:53 p.m. County Attorney Ed Vogler, explained the rules for the Public Hearing. No one came forward to speak and the Public Hearing was closed at 6:54 p.m. A motion was made by Commissioner Jones to approve the Economic Development Incentives Project DFA as presented. Commissioner Poindexter seconded the motion. All were in favor, and the motion passed 5-0 (Blakley, Renegar, Finney, Jones, Poindexter).

VII. Davie County Growth Enhancement Strategy Map

Attachment: DC_BOC_packet_20220207 (Zoning Map Amendment 2022-01 Crabtree Road)

VIII. LAND USE/ ZONING HISTORY

- **1973:** The property was originally zoned R-20.

A. Proposed Zoning

The R-A Residential-Agricultural District is established to maintain a rural development pattern where Single-family housing dwellings are intermingled with agricultural uses. Two family dwellings will be allowed with the issuance of a Special Use Permit. Generally, houses will be separated from one another by open fields or wooded areas. The impact of one homeowner's activities on his or her neighbors will be less than if the property owners were located side by side in a subdivision. Consequently, the property owner may have more freedom to use his or her land as he or she sees fit. Therefore, some limited commercial uses will be permitted along with residential and agricultural uses; however, the intent is clearly to exclude commercial and industrial uses or residential subdivisions that require public services (principally water and sewer systems) before they are generally needed in the area.

B. Davie County Land Development Plan

The property is located in an area designated as Rural Residential. The land use category presented on the future land use map are intended to indicate the predominant land uses for that particular area of the county. It is not a map of zoning district but is a general geographical guide for land use and development. The Davie County Comprehensive plan describes the Rural Residential area as rural activities including farming, rural commercial business, and limited residential development to preserve the rural character of the County. Not intended for intense urban or suburban development, including major residential subdivisions.

The Comprehensive Plan future development policy recommendations state:

- Increase infill development by incentivizing reuse of existing vacant or underutilized buildings and properties.
- Support innovative and flexible land planning techniques as a means of encouraging development configurations which are more desirable and which may better safeguard existing natural land and water resources.
- Increase housing options across Davie County and its municipalities, including multi-family, single-family, patio homes and other options where infrastructure allows.
- Improve existing housing stock age and quality.
- Discourage the rapid proliferation of manufactured housing in the county by encouraging housing alternatives in the same price range.

E. Davie County Growth Enhancement Strategy

The property is located in an area that is designated as a Rural Growth Area. This area is characterized by traditional agricultural operations, pasture land, forestry, and open space scattered non-farm residences on large tracts of land. Rural scenic vistas are a natural part of the landscape. There is normally an abundance of large, undeveloped tracts not experiencing significant residential development encroachment or pressure. There are natural, scenic, historic, or other heritage assets that contribute to the special characteristics of the area that might require special conservation and management. Land use changes in this area should be designated to protect the rural character and discourage premature public infrastructure demands by sustaining groundwater recharge capacity.

The Growth Enhancement Strategy describes policies within the rural growth area as:

Policy 5.15 The County will encourage creativity in design of residential subdivisions by allowing for greater flexibility in the design, provided that the development is not greater than that normally allowed in the district.

Policy 5.16 The County will create compact neighborhoods accessible to open space amenities and with a strong community identity.

Policy 5.18 New driveway connections will be designed in a way to minimize new locations on existing public roads.

Policy 5.19 Each lot in a subdivision planned for single-family residential development will be designed to contain well and septic tank system on the same lot as residence unless alternate system is approved through "open space" design.

IX. ISSUES TO CONSIDER

The Board may not consider any specific use of the property but all possible uses in the Residential Agricultural district. The Board may approve or deny, or defer the request for additional consideration. The Board should consider the following in making its recommendation:

1. The properties potential as a residential site
2. If rezoning is approved, any new structure will go through a Zoning Review to ensure compliance with zoning ordinance standards such as setbacks, etc.
3. Whether the proposed reclassification is consistent with the purposes, goals, objectives, and policies of adopted plans for the area.
4. Whether the proposed reclassification is consistent with the overall character of existing development in the immediate vicinity of the subject property.
5. Applicable Zoning Ordinance Sections: The following sections of the Zoning Ordinance are applicable to this request: §155.125(B) Table of Uses; 155.161 and, §155.250-253 Changes and Amendments.

X. PLANNING BOARD RECOMMENDATION

The Planning Board heard the request at their January 25th meeting and voted unanimously to recommend approval (7-0). See attached draft minutes.

XI. BOARD ACTIONA

The Board should consider one of the following actions:

Rezoning

☐ **Move that the following statement be adopted in support of a Motion to Approve;**

The proposed zoning amendment is consistent with the Davie County Comprehensive Plan because:

1. The property is rural residential on the 2019 plan.
2. The Comprehensive Plan policy goals to increase infill development by incentivizing reuse of existing vacant or underutilized buildings and properties.
3. The property is indicated as a rural growth area on the Growth Enhancement Strategy map within the Comprehensive Plan.

Therefore, we find this zoning amendment is reasonable and in the public interest because it supports the Comprehensive Plan policies and maps above and because:

1. The property's location near agriculture, forestry, and open space.
2. The property's location near similar housing types.
3. The lack of availability of public infrastructure including water and sewer.

☐ **Move that the following statement be adopted in support of a Motion to Deny,**

The proposed zoning amendment is not consistent with the Davie County Comprehensive Plan because:

1.

Therefore, we find this zoning amendment is unreasonable and not in the public interest because it does not support the Comprehensive Plan policies and maps above and because:

1. The amendment does not protect the areas residential rural historic character.
2. The proposed amendment is incompatible with the surrounding residential structures.

3. The amendment will have detrimental effects and will not protect or enhance a high quality of life and image enjoyed by area residents due to.....

☐ **Defer** the amendment for additional consideration

Department: Board of Commissioners

ISSUE/ACTION REQUESTED:

Public Hearing: Economic Development Incentives Project DFA

BACKGROUND/PURPOSE OF REQUEST: Public Hearing: Economic Development Incentives Project DFA

The Board of Commissioners is asked to hold a public hearing pursuant to the provisions of N.C.G.S. §158-7.1 to consider granting economic development incentive appropriations (the "Incentives") for the purpose of aiding and encouraging the expansion in scope of a proposed new industrial enterprise, known as "Project DFA", (herein the "Company"), to be located in Davie County, North Carolina.

The Incentives being considered are for an Economic Development Project by the Company which involves the expenditure by the Company of approximately eight million five hundred thousand dollars (\$8,500,000.00) to acquire property, construct a manufacturing facility, which will result in a minimum increase to the ad valorem tax base of the County of \$8,500,000.00, and the creation of seventy-eight (78) new jobs at the facility. The property to be acquired by the Company where the Economic Development Project will take place is a portion of those properties located at 300 Bethel Church Road, Town of Mocksville, Davie County, North Carolina.

The Incentives being considered are approximately \$62,829.44 from the County of Davie to assist the Company with the purchase of real estate and equipment as authorized under North Carolina

General Statute §158-7.1. The Incentive Agreement will provide remedies to the County if the Company fails to create the jobs or fails to meet the tax base increase requirement of \$8,500,000.00. It is expected that the investment will be returned to the County in tax revenue derived from the project in less than five years.

The benefits to the public expected to be derived from the realization of the Economic Development Project made possible by the Incentives include, but are not limited to: the increase of the tax base of the County by at least \$8,500,000.00, the creation of approximately 78 new jobs, the attraction to Davie County and the State of North Carolina of the Company which might have located in another state but for the grant of the Incentives, and the opportunity for new industrial growth, to be developed in Davie County and North Carolina.

MOYER-51-1383614-1

PUBLIC HEARING COMMENT PERIOD RULES.2021.BBV4eevdbb-21.09.14

DFA Resolution approving incentives 20220207

**AGREEMENT FOR
ECONOMIC DEVELOPMENT ASSISTANCE
DFA US INC.**

THIS AGREEMENT FOR ECONOMIC DEVELOPMENT ASSISTANCE (this “Agreement”) is made and entered into by and among the **County of Davie**, a North Carolina body politic (the “County”), the **Town of Mocksville**, a North Carolina municipal corporation (the “Town”), and **DFA US Inc.** (the “Company”), a North Carolina corporation.

RECITALS:

1. In consideration of Incentives approved by the County on February 7, 2022 and the Town on February 1, 2022 the Company will lease the Property (as defined below) for the purpose of operating a sound deadener and insulation manufacturing facility for use in the automotive industry at 311 Bethel Church Road, Mocksville, Davie County, North Carolina, and will expend, approximately \$8,500,000.00 to equip and install fixtures and other personal property, including, without limitation, manufacturing equipment at the manufacturing facility (the “Facility”) located on the Property by December 31, 2023. The Company intends to create the following Jobs as indicated:

December 31, 2022- Fifty eight (58) new Jobs

December 31, 2023- Twenty (20) additional new Jobs

The Company intends that the investment by or on its behalf in the Economic Development Project, as defined below, at the Facility will be sufficient to meet the Tax Base Increase Requirement as defined below.

2. The County and Town have policies for providing assistance for economic development projects by granting incentives which are permitted under NCGS 158-7.1 et. seq. and the laws of the State of North Carolina and, pursuant to those policies, the County on February 7, 2022, and Town on February 1, 2022, approved incentives, respectively.
3. The County and Town have determined that providing economic development incentives for the Economic Development Project (as defined below) will benefit the general public health, safety and welfare of the citizens of the State of North Carolina, the County, and the Town by promoting the creation of jobs, by creating an opportunity for the development of new skill sets existing in the County’s available workforce, by increasing the County’s and Town’s tax base, by enhancing the industrial and business conditions and prospects of the County and Town, by increasing the likelihood of a stable economic environment in the County and the Town, and by attracting to the County, Town, and State a new industry.

4. The Economic Development Project would not occur without the provision of the Economic Development Incentives by the County and the Town, coupled with the economic development activities and assistance provided by the Davie County Economic Development Commission, Inc.
5. The Company considered other states within which to build the Economic Development Project, and the Economic Development Incentives were critical to the Company's favorable decision to locate in Davie County, North Carolina. But for the Economic Development Incentives and the assistance and facilitation of the Davie County Economic Development Commission, Inc., the Company would more likely than not have chosen a state other than North Carolina within which to locate.

**NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES
CONTAINED HEREIN, THE PARTIES AGREE:**

**NOTICE OF PUBLIC HEARING
 (Re: Economic
 Development Incentives)**

TAKE NOTICE that a Public Hearing will be held before the Board of Commissioners of Davie County, North Carolina at 6:00 p.m., Monday, February 7, 2022, in the County Commissioners Meeting Room of the Davie County Administration Building at 123 South Main Street, Mocksville, North Carolina, pursuant to the provisions of N.C.G.S. §158-7.1 to consider granting economic development incentive appropriations (the "Incentives") for the purpose of aiding and encouraging the expansion in scope of a proposed new industrial enterprise, known as "Project DFA" (herein the "Company"), to be located in Davie County, North Carolina.

TAKE FURTHER NOTICE, that the Incentives being considered are for an Economic Development Project by the Company which involves the expenditure by the Company of approximately eight million five hundred thousand dollars (\$8,500,000.00) to acquire property, construct a manufacturing facility, which will result in a minimum increase to the ad valorem tax base of the County of \$8,500,000.00, and the creation of seventy-eight (78) new jobs at the facility. The property to be acquired by the Company where the Economic Development Project will take place is a portion of those properties located at 300 Bethel Church Road, Town of Mocksville, Davie County, North Carolina. The Incentives being considered are approximately \$62,829.44 from the County of Davie to assist the Company with the purchase of real estate and equipment as authorized under North Carolina General Statute §158-7.1. The Incentive Agreement will provide remedies to the County if the Company fails to create the jobs or fails to meet the tax base increase requirement of \$8,500,000.00. It is expected that the investment will be returned to the County in tax revenue derived from the proj-

ect in less than five years.

TAKE FURTHER NOTICE, that the benefits to the public expected to be derived from the realization of the Economic Development Project made possible by the Incentives include, but are not limited to: the increase of the tax base of the County by at least \$8,500,000.00, the creation of approximately 78 new jobs, the attraction to Davie County and the State of North Carolina of the Company which might have located in another state but for the grant of the Incentives, and the opportunity for new industrial growth, to be developed in Davie County and North Carolina.

2) Timothy Cranfill - Mr. Cranfill is the client of whom Mr. Leonard was speaking. He bought the property in October, 2020. He stated there were four lots on the property, as well as four lots on the tax card. He has sought resolution but has not had the issue resolved.

7. Presentations

There were three presentations this evening:

1) Fiscal Year 2020-2021 Audit, presented by Robin West, Tanya Thompson from Martin Starnes. Ms. Thompson reviewed the audit and stated there were no findings within the audit. She stated performance indicators must be addressed by the Board in the form of a letter to the Local Government Commission. She thanked the staff in the Finance Department for their timely audit submission and cooperation during the audit process. The Commissioners have asked for more public information at each board meeting in reference to fund balance restoration.

A motion was made to accept the audit by Commissioner Finney. Commissioner Poindexter seconded the motion. All were in favor, and the motion passed 5-0 (Blakley, Renegar, Finney, Jones, Poindexter).

2) Interlocal Agreement - Davie County Schools - presented by David Bone & Robin West - the Interlocal Agreement expires at the end of this fiscal year. The topic of Teacher Supplements was discussed. The desire is to raise it from 5.5% to 8%; revenue will be needed for these funds. Davie County Schools desires an Interlocal Agreement to be for a 5-year term. The suggestion is to have the 5-year term, then every 4 years after the initial term to stay in line with the revaluation schedule.

Commissioner Jones asked of Superintendent Wallace how the supplements will be given. Superintendent Wallace stated there is a salary study currently underway to address supplements and other salary concerns. He did mention teachers are no longer eligible to receive additional funds for higher degrees (there are teachers who are grandfathered).

A motion to accept the Interlocal Agreement as presented was made by Commissioner Jones. Commissioner Poindexter seconded the motion. All were in favor, and the motion passed 5-0 (Blakely, Renegar, Finney, Jones, Poindexter).

3) Zoning Text Amendment: 2021-02 Solar Facilities Presentation, Development and Facilities Services Director Andrew Meadwell discussed the many additional changes that are proposed to be added to the Amendment. The summary of proposed changes include:

Site Standards changes:

- Minimum site: 25 acres, Maximum site: 100 acres.
- Equipment setback of 250' from any property line.
- Three rows of plantings required, staggered and ranging in height of 6'-25'. Three varieties of trees must be used and must be at least 6' at time of planting and reaching 80% opacity within four growing seasons. The buffer shall be 35' in width.

- Buffers must be maintained and maintenance certified annually. Failure to maintain or replace dead/diseased plants will result in violation of Zoning Ordinance.
- No exterior lighting.
- Battery storage shall be 300' from any property line to a lot featuring a residence, otherwise the 250' setback remains.
- A Phase 1 Environmental Assessment & Environmental Impact Analysis are required as part of rezoning application.
- An erosion & sedimentation control plan shall be submitted.
- Visual simulations shall be provided showing the site from property lines and roadways as determined necessary by the county.
- An emergency access plan shall be approved by County EMS and Fire Marshal. Further, the facility operator shall provide any special equipment to the county for responding to emergencies. The county may require the operator to provide annual materials, education and training.

Approval Process changes

- Approval from NC Utilities Commission and Certificate of Public Convenience and Necessity (CPCN) shall be provided with application for rezoning.
- Owner provides documentation of compliance every two years.
- The property owner shall inform the county of any changes made to the lease agreement within 45 days.
- Material specification for the panels shall be provided.
- Battery storage shall note if containing PFAS or not. If using PFAS in the batteries then a containment plan and separate decommissioning plan shall be provided.
- Board members should visit the property requesting a rezoning.

Decommissioning changes

- Decommissioning costs are linked to the megawatt size of the facility at a cost of the greater amount of either \$100,000 per MW or 150% of cost estimate. Cost estimates shall be reviewed and approved by an engineer of the County's selection. The plan and cost analysis is reviewed every 5 years.
- Removal of any credits for salvage value.

Comprehensive Plan proposed language

Utility Scale Solar facilities should be located in areas that do not remove viable agricultural properties from production. Solar facilities should be located in areas near existing industrial development and should not be clustered within a specific area or township. The County discourages grouping properties under separate ownership for the use of solar. Further, such facilities should not be located in environmentally sensitive areas and should avoid the use of steep slopes.

VI. Budget & Planning Workshop

The Itinerary for today's meeting includes:

Overview - County Manager David Bone led the discussion

Strategic Planning and Goals for FY2023 - Chief Financial Officer Robin West reviewed the six-month financial summary and revenue projections and also gave an update on the American Rescue Plan.

Minutes Acceptance: Minutes of Jan 26, 2022 8:00 AM (Approval of Minutes)

Sheriff - Programs and Projects update, Sheriff Hartman spoke about his "carry-over funds" from previous fiscal year being cut. He anticipates putting some projects on hold and at this point, he states he has no budget pressures and does not anticipate requesting a budget increase. The Sheriff explained how the Sheriff's Office maintenance garage is beginning to maintain vehicles in Health and Human Services. He advocated for expansion of this program and suggested the County could pursue being a Ford-recognized garage for warranty work.

Capital Improvement Plan and Detention Center update - a discussion took place in reference to the Detention Center. Estimated costs have sky-rocketed for this project. The new Center is planned to be a 50-year facility. Design of the facility will continue. The Sheriff, along with Facilities Maintenance, will review what items are needed to be maintained to keep the current Detention Center running optimally.

Fire and Rescue Funding - Discussion took place in reference to additional funding for the fire departments. The Commissioners feel progress has been made, however, they wish to provide more funding to the fire departments. They desire to have a self-sustaining funding mechanism.

Health & Wellness update - Health and Human Services Director Suzanne Wright offered a brief COVID update, as well as progress and statistics in reference to the Employee Wellness Center. She stated a vast majority of employees have completed their Health Risk Assessment, and there has been progress made with employees improving their health. Employees must continue to strive towards healthy eating and wellness habits. Suzanne mentioned in the last year, a mental health counselor has been added. The schedule for the counselor is being booked months ahead. There are hopes of opening the clinic to 5 full days (we are currently at 4 1/2 days) per week.

Human Resources Update - Robin West discussed briefly the salary study results show a need for \$1.1M (with benefits). The plan is to spread this adjustment over a 2-year period. The desire is to increase the affected employees pay 4/1/2022, with the remainder occurring 1/1/2023. The proposed adjustment will not affect all employees, as their are employees who are paid on the appropriate pay scale. There is a lot of competition in reference to retaining our employees. The "great resignation" is real.

Utilities Sustainability Planning - Joint Utility Project; Cooleemee WWTP update - Public Utilities Director Johnny Lambert discussed the various projects in his area. All projects have had expected costs associated with each and appropriate timeframes. Lambert mentioned it is very difficult to obtain chemicals, parts, etc. due to supply chain shortages that persistent.

Economic Development update - Economic Development President Terry Bralley mentioned 2021 was a great year for economic development. Private developers are looking for sites of approximately 100-200 acres to develop. There was a lot of grant funding received this past year. They are working with Yadkin Valley Telephone to bring fiber to 100% of Davie County with speeds that match Google.

Davie County Schools - Superintendent Jeff Wallace thanked the Commissioners for the support. He mentioned bids will soon be accepted for renovating "K" building with a possibility of a

staged plan to occupy the building. Wallace discussed the virtual school and stated the fiber accessibility in Davie County is very good.

VII. Adjourn

Vice Chair Renegar made a motion to adjourn the meeting at 12:36 p.m. Commissioner Finney seconded the motion. All were in favor, and the motion passed 5-0 (Blakley, Renegar, Finney, Jones, Poindexter).
