Revaluation Update

BACKGROUND/PURPOSE OF REQUEST: Reappraisal is the process of updating Davie County's real property values to reflect fair market value as of January 1, 2021. North Carolina law requires all counties to reappraise real property at least once every 8 years. The last county-wide reappraisal was conducted 4 years ago, with an effective date of January 1, 2017. Reappraisal reestablishes fairness and equity between properties, which typically change in value at different rates by location and property type. New values will be viewable on the Davie County website in February, and notices will be mailed to property owners, as well.

FISCAL IMPACT: n/a

COUNTY MANAGERS; RECOMMENDATION:
The Manager recommends accepting the Revaluation Update. No action is needed.

Davie/Yadkin County Line Project

BACKGROUND/PURPOSE OF REQUEST: The Davie/Yadkin County Line Project was started in 2013 to establish a formal, surveyed boundary for the line between Davie County and Yadkin County. Since 1836, this portion of the Davie County line has been mapped in various locations. This new line will help with future property transactions and avoid confusion for property owners and residents by mapping and recording an updated and official boundary line between the two counties. Goals of this project are to: help property owners, taxpayers and citizens know the official boundary location and to guide the delivery of County services. This project update is being presented as informational only. The Board will be presented, at a future meeting, with a Resolution to consider accepting the North Carolina Geodetic Survey findings and plat to record.

Re: Davie/Yadkin County line project

There are various map representations of the Davie County / Yadkin County line. Based on available GIS data, Davie County has at least 3 different possible county line locations within its GIS (the current line, a line dating from 1999 and a line recognized by the US Census Bureau). Yadkin County also recognizes a county line that is different from the line recognized by Davie County. The line recognized by Yadkin County is currently located anywhere from 40 feet to 200+ feet south of the line recognized by Davie County. This discrepancy between the lines recognized by each County has implications for county services and future land development.

On October 7, 2013, the Davie County Board of Commissioners approved a resolution (enclosed) requesting NC Geodetic Survey (NCGS) "to establish the exact boundary between Davie County and Yadkin County". Between 2013 and 2020, NCGS researched the boundary location and in March 2020 presented their findings to both counties.

Based on the NCGS surveyed line location, there are no homes or businesses affected by the county boundary. There are two main areas affected by the proposed line: tax assessment and zoning. Once the surveyed line plat is recorded, each County will identify changes required to remap and adjust tax assessment for real property affected by the new line. Tax bills will be updated during the 2022 tax year. Zoning maps will be updated through the normal zoning map amendment process with review by the Planning Board and then approval by the Board of Commissioners. No zoning district changes are planned; for example, if a property is zoned in Yadkin County as Residential Agricultural, the proposed district for any portion of the property which may be relocated into Davie County will be proposed as Residential Agricultural.

As of November 2020, there are 83 tax parcels in Davie County that are either crossed by or near the proposed line to be established by the NCGS survey. Of those 83 tax parcels, 25 tax parcels are crossed by the new proposed line. The remaining 58 tax parcels are either completely within Davie County or have been assigned to Yadkin County for tax assessment and billing.

Pursuant to NC General Statute 153A-18, "if after the NCGS submits the results of the survey to the requesting counties, and the requesting counties have not ratified the reestablished boundary within one year of receiving the (map) survey plat denoting the location of the reestablished boundary, the survey plat will become conclusive as to the location of the boundary and will be recorded in the Register of Deeds in each affected county and in the Secretary of State's office".

To help inform the public and prepare for the line to be formally established, Davie County and Yadkin County staff have been working to prepare information to provide to taxpayers. The first step in that process is to provide information to the Boards of Commissioners followed by a public meeting to present maps, share Frequently Asked Questions, and answer questions from the public.

Following the public meeting, the Board of Commissioners will be presented the official NCGS map for ratification. Once ratified, the plat is recorded in the Register of Deeds Office of each County.

After recordation, the Tax Department will begin the process to update their maps and make any necessary changes for tax assessment. Development and Facilities Services will prepare the zoning map changes to present to the Planning Board for Review.

FAQs - Frequently Asked Questions

1. Why is my property affected?
The original survey of the Davie/Yadkin County line incorporated trees, stones and fence posts, and many of those cannot now be located. To help prevent future issues related to property transactions and development along the county line, both counties decided to formally locate the line. In accordance with North Carolina General Statutes, Davie and Yadkin counties are now locating the 11-mile-long county line based on a survey recently conducted by the North Carolina Geodetic Survey(NCGS). More information about the NCGS County and State Mapping Program can be found by following this link: https://ncgs.state.nc.us/pages/County-and-State-Boundaries.htm . To ensure the correct county jurisdiction, properties will be recorded and assessed for property tax purposes according to the newly established line. This initiative is not a boundary dispute between the two Counties, but instead is a plan to prevent possible confusion or delays when residents and taxpayers need to conduct county business in the future.

2. Why, if applicable, is the property tax assessment of my property being split between Davie and Yadkin counties?
As of July 1, 2020 there are [provide a number here] properties which are crossed by the Davie/Yadkin County line that are assessed for property tax in either Davie or Yadkin County. North Carolina General Statute 105-301 requires that all taxable real property be listed in the county in which it is situated. Therefore, any property straddling the Davie/Yadkin County line will be split assessed. The portion in Davie County will be assessed in Davie County; the portion in Yadkin County will be assessed in Yadkin County. Any change to a property tax assessment will be effective in the 2022 tax year.

3. How will my school-age children be affected? Will they have to change schools?
Assignment to a school system is based on the county where your house is assessed for property tax. If the property tax assessment of your house changes counties, then the school system assignment of your child(ren) also changes. As of July 1, 2020, there are no homes affected by the new mapped line between Davie County and Yadkin County which would cause a school reassignment.

4. How will my property taxes be affected?
As a result of Davie County and Yadkin County being on different revaluation cycles, the assessed valuation of your property may change, as will your tax rate. The property tax rate in Yadkin County is currently $0.66 per one hundred dollars of value. The property tax rate in Davie County is currently $0.738 per one hundred dollars of value.

Commented [BM1]: This does not include the x rate

5. How will public records show the location of my property (or a portion of my property) has moved a different county?

A plat map depicting the county boundary line will be recorded in the Register of Deeds Office of each county. A document will also be recorded which references the map and provides ownership designation, tax parcel number, and other identifying information for each parcel. This will enable any person who undertakes a title search of the public records to learn that your parcel or a portion of it has been transferred to or from the other county. No action is required by you and there is no cost to you.

Attachment: County line project FAQ (Davie/Yadkin County Line Project)

6. How will this change affect my voter registration?
The Davie County and Yadkin County Boards of Elections will work together to identify and notify any registered voters whose voter registrations may be affected by this process. Pursuant to North Carolina General Statute 163-82.15A, any affected voter registrations will be changed accordingly.

7. Will this process change zoning regulations affecting my property? What can I expect of the zoning process?
Your property will be rezoned consistent with the zoning classification which would have applied if your property has already been located in the other county. A large scale zoning process will be used to rezone all affected properties. The process includes a report to the Planning Board and a and legislative action by the Board of County Commissioners. Zoning is a formal process that involves many steps, including public hearings, notification to adjoining property owners, publication of the request in the newspaper and signs posted to indicate the date, time and place of any public hearing.

8. Will this process change my house number or street address?
Any house which is affected by this process will receive a new address according to the addressing system of the county where the house is located. As of July 1, 2020, there are no homes affected by the new mapped line between Davie County and Yadkin County which would cause an address change.

9. Will public safety officials (fire, police, EMS) be notified of these changes to ensure no interruptions in service to my property?
Once the Davie County and Yadkin County Boards of Commissioners approve the location of the line, County staff will work closely with Davie County 911 Communications and Yadkin County 911 Communications to ensure that each affected address is entered into the correct 911 database. Once this is completed, calls for emergency assistance will be routed to the appropriate agency. You will continue to dial 911 in case of an emergency. As of July 1, 2020, there are no homes affected by the new mapped line between Davie County and Yadkin County which would cause an address change or have any affect to emergency services.

10. What should I do if I am selling or planning to sell my property during this transition period?
You must share this information with the prospective buyer. North Carolina General Statute 47E-4(b)(5) requires that the prospective buyer be advised of any notice received by governmental agencies affecting the property.

11. When will the changes in my property become effective?
The Davie and Yadkin County Boards of Commissioners will take action on the affected properties at their respective Board meetings on [enter planned meeting date here]. The anticipated effective date for the changes is [enter planned adoption date here].

12. Where can I view maps showing my property?
Maps of the properties affected by the location of the line may be viewed online at [add website pages here]. You may also contact the Yadkin County Tax Office located at 101 S. 13.How can I be heard concerning any proposed change affecting my property?

DAVIE-YADKIN COUNTY BOUNDARY LINE
SUMMARY OF RESEARCH FINDINGS March 2020

HISTORY

Davie County was formed in 1836 from Rowan County

Davie County was formed from Rowan County in 1836. From page 88 and 89 of David Leroy Corbitt's book "*The Formation of the North Carolina Counties 1663-1943*" reads …., *beginning at the junction of the North and South Yadkin rivers; thence up the South Yadkin river, to the Iredell county line; and all that part of the present county of Rowan, lying and being north of said river, shall hereafter constitute a separate and distinct county, to be called and known by the name of Davie, in honor of the revolutionary patriot, William R. Davie.* (Laws, 1836-37, Chs. 4, 5; Private Laws 1839, Ch. 66; Manual, 1913, p. 590; Battle, p.27); (Laws, 1836-37, Ch. 4)

Yadkin County was formed in 1850 from Surry County

Yadkin County was formed from Surry County in 1850. From page 238 and 239 of David Leroy Corbitt's book "*The Formation of the North Carolina Counties 1663-1943*" reads …., *That a county be, and the same is hereby laid off and established out of that portion of county of Surry, which lies South of the Yadkin river, and also including that portion of the county of Surry known and called by the name of Little Surry, and county to be called Yadkin.* (Public Laws, 1850-51, Chs. 40, 41; 1852, Ch. 34; Manual, 1913, p. 857; Battle, p.14)

DISCUSSION

The question of the location of the Davie and Yadkin County boundary line continues today as it did in the years following the formation of Davie County in 1836. This is somewhat due to the lack of an adopted survey and the placement of permanent monuments along the county line. At the corner of Davie, Iredell and Yadkin County a monument was set (labeled Monument # 11) and recorded in all three counties Register of Deeds Office in July of 1999. Then proceeding in a southeasterly direction to an existing two-inch iron pipe near Chinquapin Road at the same location as descripted in Deed Book 9; Page 236 dated 1916 recorded in Yadkin County as being on the county line. Continuing in a southeasterly direction to an existing one-inch iron pipe near Four Corners Road at the same location as descripted in Deed Book E; Pages 432-433 dated 1877 as a post oak recorded in Yadkin County as being on the county line. Then proceeding in a southeasterly direction to an existing one and half inch iron pipe east of Farmington Road on the Duke Energy transmission line. Being at the same location as descripted in Deed Book 10; Pages 290-291 dated 1886 as recorded in Davie County as being a stone on the Davie and Yadkin County Line. Then proceeding in a southeasterly direction to the centerline of the Yadkin River; which will define the tri-county corner of Davie, Forsyth and Yadkin County.

Attachment: NCGS_Davie-Yadkin_Report_20200303 (Davie/Yadkin County Line Project)

CONCLUSION

The earliest record of a survey of the Davie and Yadkin County boundary line is that of the 1850 description forming Yadkin County from Surry. Although adoption and ratification records of this survey aren't available and water ways have been altered over the years, there is still some evidence of the county lines established. Additionally, the survey has been preserved and historically perpetuated through subsequent property deed descriptions and property surveys illustrated on parcel plats of record examined in this research phase. In conclusion, research of the original county line descriptions, historic maps, land grant descriptions, property deed descriptions, and property survey plats illustrate the best witness to the position of the county boundary line starting at the corner of Davie, Iredell, and Yadkin County at a permanent concrete monument; then in a southeasterly direction to an existing two-inch iron pipe near Chinquapin Road; continuing in that southeasterly direction to an existing one-inch iron pipe near Four Corners Road; proceeding in a southeasterly direction to an one and half inch iron pipe east of Farmington Road on the Duke Energy transmission line; then in a southeasterly direction to the centerline of the Yadkin River also know as the county corner of Davie, Forsyth and Yadkin County to be the blue line illustrated on the preliminary plat titled " THE DAVIE AND YADKIN COUNTY LINE" as attached.

MEMORANDUM

To: County Officials

From: Ronald Harding, PLS
State and County Boundary Surveyor

Subject: How to formally request NCGS to resurvey an ambiguous/uncertain county boundary section

Date: February 19, 2019

The North Carolina Geodetic Survey ("NCGS") has been designated and funded by the North Carolina General Assembly to assist with the resurvey of ambiguous or uncertain county boundaries as per General Statute (GS) 153A-18a:
www.ncga.state.nc.us/EnactedLegislation/Statutes/HTML/BySection/Chapter_153A/GS_153A-18.html

§ 153A-18a. Uncertain or disputed boundary.
(a) If two or more counties are uncertain as to the exact location of the boundary between them, they may cause the boundary to be surveyed, marked, and mapped. The counties may appoint special commissioners to supervise the surveying, marking, and mapping. A commissioner so appointed or a person surveying or marking the boundary may enter upon private property to view and survey the boundary or to erect boundary markers.

Note: NCGS would conduct this survey work only upon the formal request of the counties adjoining each uncertain county line and would do so at no cost to the affected counties.

If adjoining counties have an ambiguous or uncertain county boundary section(s), the Board of County Commissioners of the affected counties may formally request the NCGS County Boundary Program to resurvey the ambiguous or uncertain county boundary section(s) by:

1. Passing a resolution recognizing that the county line is uncertain or ambiguous
2. Appointing one or more special commissioners or designating a contact agent to assist NCGS
3. Submitting a written request to NCGS for the section(s) to be resurveyed and including the following:
   - The county document issued for item #1
   - The contact agent(s) or special commissioner(s) selected for item #2

Note: Each Board of County Commissioners may appoint a special commissioner or designate a county employee to be the contact agent who would assist NCGS by providing county records (e.g. deeds, maps, and other archived information).

Attachment: Procedure on requesting NCGS 2019 (Davie/Yadkin County Line Project)

Throughout each county line resurvey project, NCGS and the respective affected counties would work in partnership to produce a product that would supply the needs of each county as well as meet the requirements of GS 153A-18a. Furthermore, the County Manager and the Board of County Commissioners of each affected county need to be informed of the project's progress.

After the resurvey project has been completed, the Board of County Commissioners of each affected county would review the plat. Upon agreeing on the location of the county line, the Commissioners must pass a resolution that the plat is the true definition of the line's location as further stipulated in GS 153A-18(a).

> **§ 153A-18a. Uncertain or disputed boundary.**
> *….Upon ratification of the survey by the board of commissioners of each county, a map showing the surveyed boundary shall be recorded in the office of the register of deeds of each county in the manner provided by law for the recordation of maps or plats and in the Secretary of State's office. The map shall contain a reference to the date of each resolution of ratification and to the page in the minutes of each board of commissioners where the resolution may be found. Upon recordation, the map is conclusive as to the location of the boundary. Upon reestablishing all, or some portion, of a county boundary, and if after the NCGS submits the results of the survey to the requesting counties, and the requesting counties have not ratified the reestablished boundary within one year of receiving the (map) survey plat denoting the location of the reestablished boundary, the survey plat will become conclusive as to the location of the boundary and will be recorded in the Register of Deeds in each affected county and in the Secretary of State's office. The Chief of the NCGS (State Surveyor) will notify each affected party in writing of the action taken.*

Upon meeting all parts of GS 153A-18(a), the plat would become a legal document defining the county line location and then NCGS would:

- Prepare all the necessary plats and Mylar drawings
- Record the resurvey with the North Carolina Department of the Secretary of State
- Supply each affected county with the Mylar drawings for recordation

Changing the location of an existing county boundary

In contrast to General Statute 153A-18(a) that governs uncertain or ambiguous boundary sections, G.S. §153A-17 governs changes in existing county boundaries:
www.ncga.state.nc.us/EnactedLegislation/Statutes/HTML/BySection/Chapter_153A/GS_153A-17.html

> **G.S. §153A-17. Existing boundaries.**
> *The boundaries of each county shall remain as presently established, until changed in accordance with law. (1973, c. 822, s. 1.)*

Therefore, if the affected counties elect to have a new line surveyed and to change the county line from its original location (as defined by law), then that change would need to be ratified by the North Carolina General Assembly.

Attachment: Procedure on requesting NCGS 2019 (Davie/Yadkin County Line Project)

§ 153A-18. Uncertain or disputed boundary.

(a) If two or more counties are uncertain as to the exact location of the boundary between them, the North Carolina Geodetic Survey (NCGS), on a cooperative basis, shall assist counties in defining and monumenting the location of the uncertain or disputed boundary as established in accordance with law. Upon receiving written request from all counties adjacent to the uncertain or disputed boundary, the NCGS may cause the boundary to be surveyed, marked, and mapped. The counties may appoint special commissioners to supervise the surveying, marking, and mapping. A commissioner so appointed or a person surveying or marking the boundary may enter upon private property to view and survey the boundary or to erect boundary markers. Upon ratification of the survey by the board of commissioners of each county, a map showing the surveyed boundary shall be recorded in the office of the register of deeds of each county in the manner provided by law for the recordation of maps or plats and in the Secretary of State's office. The map shall contain a reference to the date of each resolution of ratification and to the page in the minutes of each board of commissioners where the resolution may be found. Upon recordation, the map is conclusive as to the location of the boundary. Upon reestablishing all, or some portion, of a county boundary, and if after the NCGS submits the results of the survey to the requesting counties, and the requesting counties have not ratified the reestablished boundary within one year of receiving the (map) survey plat denoting the location of the reestablished boundary, the survey plat will become conclusive as to the location of the boundary and will be recorded in the Register of Deeds in each affected county and in the Secretary of State's office. The Chief of the NCGS (State Surveyor) will notify each affected party in writing of the action taken. As used in this subsection, an "affected party" means both (i) the governing body of a county that the reestablished boundary denotes the extent of its jurisdiction and (ii) a property owner whose real property has been placed in whole or in part in another county due to the reestablished boundary.

(b) If two or more counties dispute the exact location of the boundary between them, and the dispute cannot be resolved pursuant to subsection (a) of this section, any of the counties may apply to a superior court judge who has jurisdiction pursuant to G.S. 7A-47.1 or 7A-48 in any of the districts or sets of districts as defined in G.S. 7A-41.1 in which any of the counties is located for appointment of a boundary commission. The application shall identify the disputed boundary and ask that a boundary commission be appointed. Upon receiving the application, the court shall set a date for a hearing on whether to appoint the commission. The court shall cause notice of the hearing to be served on the other county or counties. If, after the hearing, the court finds that the location of the boundary is disputed, it shall appoint a boundary commission.

The commission shall consist of one resident of each disputing county and a resident of some other county. The court may appoint one or more surveyors to assist the commission. The commission shall locate, survey, and map and may mark the disputed boundary. To do so it may take evidence and hear testimony, and any commissioner and any person surveying or marking the boundary may enter upon private property to view and survey the boundary or to erect boundary markers. Within 45 days after the day it is appointed, unless this time is extended by the court, the commission shall make its report (which shall include a map of the surveyed boundary) to the court. To be sufficient, the report must be concurred in by a majority of the commissioners. If the court is satisfied that the commissioners have made no error of law, it shall ratify the report, after which the map shall be recorded in the office of the register of deeds of each county in the manner provided by law for the recordation of maps or plats and in the Secretary of State's office. Upon recordation, the map is conclusive as to the location of the boundary.

The disputing counties shall divide equally the costs of locating, surveying, marking, and mapping the boundary, unless the court finds that an equal division of the costs would be unjust. In that case the court may determine the division of costs.

(c) Two or more counties may establish the boundary between them pursuant to subsection (a) of this section. Those boundaries are defined by natural monuments such as rivers, streams, and ridgelines. The use of base maps prepared from orthophotography may be used if said natural monuments are visible, which base maps show the monuments of the National Geodetic Survey and North Carolina Coordinate System established pursuant to Chapter 102 of the General Statutes. The orthophotography shall be prepared in compliance with the State's adopted orthophotography standard. Upon ratification of the location of the boundary determined from orthophotography by the board of commissioners of each county, the map showing the boundary and the monuments of the National Geodetic Survey and North Carolina Coordinate System shall be recorded in the Office of the Register of Deeds of each county and in the Secretary of State's office. The map shall contain a reference to the date of each resolution of ratification and to the page in the minutes of each board of commissioners where the resolution may be found. Upon recordation, the map is conclusive as to the location of the boundary. (1836, c. 3; R.C., c. 27; Code, s. 721; Rev., s. 1322; C.S., s. 1299; 1925, c. 251; 1973, c. 822, s. 1; 1987 (Reg. ISSUE/ACTION REQUESTED:
Request for Proposal for Installment Purchase Contract for Equipment

---

BACKGROUND/PURPOSE OF REQUEST: A Request for Proposal was distributed November 20, 2020 to solicit bids for an Installment Purchase Contract. Nine bids were received December 16, 2020 and closing is planned for no later than January 22, 2021. The proceeds from the Contract will be used to finance the purchase of vehicles, equipment, and any associated costs of issuance.

County staff and Davenport & Company recommend Truist Bank for the low interest rate, overall lowest interest and fees for a non-bank qualified option, and repayment in whole or in part without penalty. This will provide the County with the greatest flexibility for any future financing that may occur in the calendar year 2021.

FISCAL IMPACT: The County will borrow $1,130,000 for 59 months. Funds are included in FY 2020-2021 budget.

Recommendation

Based upon our review of the proposals, related analyses, and discussions with County Staff, Davenport recommends that the County select the Truist Non-Bank Qualified proposal. Truist provided the lowest interest rate and greater prepayment flexibility than the other proposals evaluated. The Non-Bank Qualified option, while a slightly higher interest rate, provides the County greater flexibility to issue additional debt (for new projects or refinancing) in Calendar Year 2021, should the need / opportunity arise.
